1. Abstract

Abstract of Activities:

Our foundation carried out 7 activities related to its founding purpose in 2002. These activities were mainly carried out in the educational field. The seminars, supporting the improvement of personal skills and business sense created an opportunity to increase the capacity of youth on this subject.

AKEV organized a well-attended conference, contributing the raise the awareness of the public about addictive substances such as smoking and drugs, especially threatening our young population.

Through the Teachers' Day Celebrations Activities for the architects of our education, our teachers, it was provided to create a sharing environment related to both problems of our education sector and our educators in 2002.

Humanitarian aids such as food, clothes and firing continued to be delivered to our people in need and scholarship continued to be provided to our youth in need.

AKEV's project of establishment of vocational school accelerated in the period between October and December 2002.

17.100.000.000 TL scholarship was provided to 39 students during 2002.

11 board of trustees meetings were carried out within the scope of AKEV's management activities in 2002.

4. Evaluation of Achievement of Institutional Aims

The activities carried out by our foundation in 2002 are able to contribute to the occurrence of its aims in the fields of education and health.

The participation level of youth, our primary target group, was high in almost all of the activities carried out by our foundation throughout 2002.

Our foundation created an opportunity to reinforce its communication with institutions and its stakeholders especially educational institutions, educators, civil society organizations in healthcare field, youth, private sector, media by its implemented activities.

Its projects on the establishment of foundation vocational school was one of the most important projects developed in the direction of establishment purposes. These projects have developed to the establishment of vocational school that can create job opportunities for solution partners to cooperate with after graduation education besides offering vocational education services with the philosophy of education that always regenerate itself and educational programs with privileged physical opportunities, modern and determined according to the needs of industry.

5. Evaluation of the Capacity of Partnership Development

Our foundation enhanced an active communication medium especially with the stakeholders of the education sector in 2002. And also it created an effective solution partnership area with the civil society organizations of conducted activities in the healthcare field.

Our foundation has created more effective projects day by day with the stakeholders and solution partners who will contribute to the activities and projects that will carry out its establishment purpose.

During the establishment of Vocational School, solution partnership relations that provide development of educational programs and employment after the vocational education has started concentratedly

6. Benefits for Target Groups

Target Group 1: Youth

Contribution to improvement of personal skills and business sense
Increasing the awareness level of smoking and addictive substances

The opportunity to the observation of the target groups' changing needs and product/service requests.

Target Group 5: Students (High Schools and Their Equivalents)

Increasing the awareness level of vocational education.
Creating the educational opportunity to improve professional skills
Providing employability

7. Sustainability

Our foundation has equity capital to ensure the continuity of its activities. However, the continuity of performed activities by our foundation can increase by cooperation level that will enhance by these activities' target groups and solution partners. For this reason, our foundation should continue to projects regarding recruitment and supply of required sources for the development and sustainability of these activities

8. Communication and Advertisement

Creating and publishing many communication arguments via our foundation contributes to the recognition of our foundation. Especially thanks to these activities, reaching the target groups through direct communication methods has made possible a very effective communication medium for the promotion of our foundation. Invitations, posters, press releases were sent to many people and the foundation according to the activities of our foundation.
