1. Abstract

Abstract of Activities:

Our foundation carried out 7 activities according to the aim of the foundation in 2006.

These activities were carried out in the fields of education and health. With monthly scientific thematic meetings activities in 2006, it was tried to increase the attention and curiosity of youth to science.

With a panel discussion activity about the harms of smoke on human and community health, the topic of why especially the youth should avoid from this bad habit and the awareness stage of this topic was increased.

A celebration and sharing environment was tried to create in the field of education that is our foundation's one of the main founding purposes and to appreciate our teachers who are the architectures of education. And also, a large scale book aid campaign was carried out for our students in need, especially books in the field of education.

In order to keep up with the modern world, works were started to establish a higher education institution that reaches the quality of meeting tomorrow's needs with a new understanding with the intend of enabling Turkish youth to receive higher education with a contemporary approach, to be successful in ever-changing business life, to gain all required abilities, and creating managerial and creative human sources that will enable to meet the needs of our country and first generation countries that surround our country.

Like each year, scholarships were given to successful youth in need who want to complete their education and aids such as food, clothes and fuel was given to people in need

2.938.270.031 TL scholarship was provided by our foundation in 2006.

Our foundation carried out 15 management meetings; 1 of them was Board of Trustees meeting, 14 of them were Board of Director meetings in the scope of management activities during 2006.

4. Evaluation of Achievement of Institutional Aims

With the activities in 2006, it was provided to create an active communication environment with educational institutions and other shareholders of the sector on the subject of education that is one of the main working topics of our foundation. A sharing environment was created in the activity which is examine problems of the education sector and propose a solution from different point of views to these problems.

The participation level of our main target group, the youth, was high to the activities held in 2006.

Our foundation found an opportunity to reinforce the communication with its shareholder like especially educational institutions, educators, nongovernmental organizations working in the healthcare field, the youth, private sector institutions, and media by favour of these actualized activities.

5. Evaluation of the Capacity of Partnership Development

An efficient communication environment was carried out with especially its shareholders from education sector in 2006.

And also, an efficient environment of solution partnership was created with nongovernmental organizations that hold activities in the healthcare field.

Our foundation generates more effective works with shareholders and solution partners who will contribute to activities and projects that will achieve the foundation's founding purposes.

6. Benefits for Target Groups

Target Group 1: Youth

Arousing the scientific interest and developing the capacity of scientific thinking

Ensuring the increase of awareness level on environment and health

Meeting the needs of continuous development and learning

Increasing the level of social communication and participation

Target Group 2: Teachers

Increasing the level of social communication and participation

Opportunity to create common mind for the solution of vocational problems

Capacity increase arising from the experience and knowledge sharing environment

Target Group 3: Nongovernmental Organizations

Opportunity to reach the target groups

Opportunity to make the foundation's works widespread and increase its recognition

The basis to provide strategical solution partnerships

Media visibility

Target Group 4: Private Sector

Opportunity to reach the target groups

Affirmation contribution to corporate image

Opportunity to the presentation of products or services

Opportunity to the observation of the target groups' changing needs and product/service requests

7. Sustainability

The continuity of the activities carried out by our foundation during 2006 will be able to increase as much as the cooperation to be developed by the target groups and social shareholders of this activity. Thus, our foundation will continue to work on the recruitment and supply of necessary sources for the sustainability of these activities.

8. Communication and Advertisement

Activities in 2005 contributed to our foundation's recognition and visibility by creating many communication arguments and publishing them. However, it was possible to create an impactful communication environment through activities for the introducing of our foundation especially by direct communication method. Invitations, posters, press bulletins that were created in the direction of our foundation's activities were given to many people and institutions. Written and visual media news about our activities created a base for carrying out a global introduction.
